

CIV Icom-CAT Router

EAGLE original circuit diagrams and layouts (from Eagle V7):

Board number: 10801:

[Schematic](#)

[Layout](#)

Source of supply and license

All layout and circuit data available here may be used by radio amateurs for purely private purposes; the GNU Public License V3 applies accordingly.

There is no guarantee of the correctness of the data. Everyone has to know what to do and if necessary adapt the files to your own requirements.

It is also to be expected that over time I will keep making changes and improvements to the circuit boards.
